GRATITUDE ART  
AT BOOKWORLD ESPAÑA

Positive thinkers along the Costa del Sol are invited to attend the launch of Gratitude Art at Bookworld España, Puerto Banús, on May 15 at 1pm, to help bring health, wealth and happiness into their lives. Gratitude Art is the brainchild of local company Director and self-development aficionado Line Lyster (of Redline), who has created a range of gifts, canvases, greeting cards and mugs which relate to the law of attraction and the power of positive thought. This encourages us to send positive vibes out to the universe and to be grateful every day for what we have. This, in turn, attracts all the good things we have always wished for. \* *C/Ramon Areces, Edif. Marina Banús 1/2 Local 15, Puerto Banús. Tel: 952 816 084.
