

Gratitude Art launch at the Puerto Banús Bookworld España Store

Last Saturday the 15th May Gratitude Art was launched at the Bookworld España in Puerto Banús. The event was a lot of fun and attended by people of different ages and cultures all curious about how to improve their lives.

On the day of the launch, Dr. Susan Phoenix, best-selling author of "Policing the Shadows" and "Out of the Shadows" presented her new book "Angels, energies and auras". The concept and design of the book is created by Gratitude Art. In this new book she guides the reader through heart breaking stories about changes in life at the same time teaching the readers how to let go of the past and embrace life with new knowledge.

The first 50 people at the launch event had the opportunity to write their message to the universe on a helium balloon, with their deepest desires.

Gratitude Art is the brainchild of local company director (Redline Company), and aficionado of self-development, Line Lyster, who creates a range of gifts, canvases, greetings cards and mugs which relate to the law of attraction and the power of positive thought.
